# Bold design, powerful performance

ALPHA water heaters have developed a reputation for desirable designs, coupled with reliable quality. In the wake of the success surrounding the original Impress IM-9 series continues that proud legacy.

Following on from the previous version's matte finishing, the IM-9 now comes in sparkling misty silver and metal black. These effortlessly chic colours perfectly accentuate its distinctive profile and new hyper-reflective lining.

Then, once you step into the shower, you will be delighted by its surprisingly powerful performance, the result of Alpha's renowned pump. The IM-9 makes every shower refreshing impressive.

## Showers will never be the same again

Experience the luxurious sensation of bathing under falling rain with extra-large 6 inch overhead showerhead.

The invigorating cascade of water will gently caress you and stimulate your reawakening in the morning, or deliver a comforting massage to help you relax after a hard day's work.

The optional RAIN SHOWER accessory comes with a 3 way diverter to select between overhead and hand shower or combination of both

### Features

**Flow Switch System**  
the heater only operates when there is sufficient water flow.

**Pump Activator** (IM-9EP and IM-9I only)  
will boost up up water flow in places with insufficient flow to activate the heater.

**DC Brushless Pump**  
dramatically reduces noise level, and is maintenance-free.

**Protection Against Water (IP25)**  
protection against water seeping into the heater's internal mechanism.

**Energy Saving DC Pump**  
means you get higher water flow but lower electricity bills as compared with AC pump.

**AC Booster Pump**  
increases the water flow up to 400% to give you a strong jet of water every time.

**Electronic Temperature Control**  
shower temperature can be adjusted according to personal preference.

**Earth Leakage Sensing Device (ELSD)**  
cuts off power supply if there is a risk of current leakage.

**Thermal Cut-out**  
prevents the water from being overheated by cutting off the power supply to the heater at controlled points. Prevent scalding

### Specification

#### Heater Power Rating

3.5-5.5kW 220-240V~ 50Hz

#### Operating Condition

Open Outlet

#### Protection Against Electric Shock

Class 1

#### Water Temperature Control

Electronics

#### Degree of Protection

Class IP 25

#### Minimum Flow Rate

3 liters/minute

#### Minimum Pressure

20kPa (0.2 bar / 2.9 psi)

#### Maximum Pressure

0.38 MPa (3.8 bar / 55psi)

#### Water Connection

15mm dia. (1/2" BSP)

#### Heater Dimension

213 x 406 x 86 mm (WLH)

#### Heater Nett Weight

- IM-9E 2.0kg
- IM-9EP 3.0kg
- IM-9I 2.5kg

#### Gross Weight

- IM-9E 3.0kg
- IM-9EP 4.0kg
- IM-9I 3.5kg
- IM-9E RS\* 5.2kg
- IM-9EP RS\* 6.2kg
- IM-9I RS\* 5.8kg

\*RS - Rain Shower

#### MODELS AVAILABLE

##### Standard Shower Set

- IM9E c/w ELSD
- IM-9EP c/w ELSD & AC PUMP
- IM-9I c/w ELSD & DC PUMP

##### RainShower Shower Set

- IM-9E c/w ELSD
- IM-9EP c/w ELSD & AC PUMP
- IM-9I c/w ELSD & DC PUMP

#### ACCREDITATION

ISO 9001:2008 Certified Manufacturer  
Malaysia - SIRIM/ST  
Singapore - PSB/SPRING  
Thailand - TISI

#### PUMP - for models with built-in pump only

##### Motor Type

- IM-9EP - AC Pump
- IM-9I - DC Pump

##### Power Rating

- AC Pump - 120W
- DC Pump - 55W

##### Noise Level

- AC Pump - <70dB
- DC Pump - <40dB
